

Mount a monitor with no VESA holes on any arm – with the SolidHand-M01 adapter. The SolidHand-M01 is a VESA adapter for monitors that have no factory mounting holes on the back of the housing. It lets you hang older displays and models with a fixed, non-removable stand on a desk or wall monitor mount. The adapter fits any mount with the VESA 75 x 75 mm and 100 x 100 mm standard, and a full set of mounting hardware is included. It is designed for monitors from 13 to 27 inches, with a housing thickness of 26.5 to 65 mm and a weight of up to 8 kg. The adapter supports flat screens only – it is not suitable for curved monitors. Four adjustable arms and a secure grip. The adapter uses a system of four independently adjustable arms that are spread to match the outer dimensions of the monitor housing and then pressed against the screen edges, locking it in a stable position. This lets it fit displays of very different proportions, without touching the housing and without drilling a single hole. The arms are made of powder-coated steel, and the ends that touch the monitor are plastic, so they...

Model	SOLIDHAND-M01
EAN	5906935203286
Color	matt black
Material	steel, plastic
Surface finish	Powder coating
Application	monitors without VESA mounting holes
VESA standard	100x100, 75x75
Number of monitors	1
Min. monitor diagonal	13"
Max. monitor diagonal	27"
